If you want to sell your illinois farm, confer with us. If you want to buy a farm in Illinois, lows, Indians or Texas call on us. We are practical farmers; have always been identified with farms and farm life. We are judges of land and judges of values. These items are important.

We cannot all own Illinois farms, there are other good states where land is cheaper in price, and the owners are prosperous and happy. In these States a man of moderate means can own a farm. We have some great farms in the corn belt at very low prices. If you want to raise live stock, corn, wheat er cotton we can fit you out. Come and see us.
